Access Information & Resources

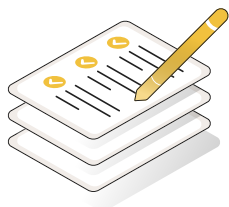

Once you click into one of your student's courses, you will be able to see Recent and Upcoming Assignments as well as Grades and Attendance. You will also be able to view Assignments and Resources in each of the folders, just as your student does. For Assessments, you will be able to see what grade your student received on those Assessments.

Viewing Student Information

5

When you have completed the Registration process, you will be able to view any courses and groups that your student is in. Please note: You will have a limited view for the privacy of all other students just as your student has the same privacy of other parents viewing their courses.

Viewing Teacher Updates

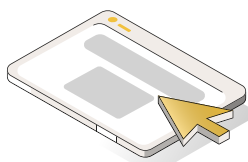

6

Under Updates, if the teacher has left any updates, you'll be able to view them.

Contact Instructors

7

Under Members, due to privacy settings, you will only be able to see the instructor of the course, where you can send them a message using the drop-down arrow.

Multiple Students

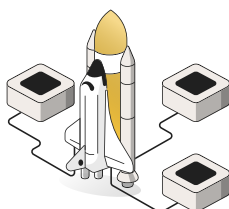

8

If you have multiple students, you can return to the upper right-hand corner of the page and use the drop-down menu to access their courses and groups.

Additional Questions

9

If you have any questions, please contact the Parent Coordinator at your student's school.

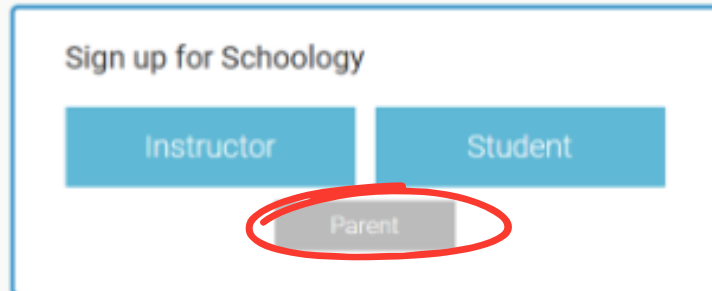

* Schoology users can change the language to Spanish after logging in by selecting the language option at the bottom of the page. You can also use Google Translate in your Chrome Browser to help set up the account in your native language.
